

Every dollar helps change lives!

\$50

Your \$50 can help provide the essentials an animal needs when they first arrive at RSPCA SA - like a warm bed, gentle enrichment and daily care. For an animal who may be scared or confused, this means comfort, safety and the first step toward healing.

\$100

Your \$100 can help contribute to vital veterinary care, medication, health checks and recovery support for animals in need. This level of support helps injured, sick or neglected animals get the treatment they need, and the chance to start feeling like themselves again.

\$150

Your \$150 can help support an animal's journey from rescue to rehoming - contributing to vet care, rehabilitation, behavioural support and daily love from our dedicated teams. This is the kind of support that turns a tough beginning into a happy ending.

More!

Your generosity beyond \$150 helps RSPCA SA care for even more animals, for even longer - supporting emergency rescues, complex medical cases, shelter operations and advocacy work. Every extra dollar helps create a future where more animals are protected, healed and given the chance to find a loving home.
